Program Committees

Computer Systems Design and Applications Track

Dirk Grunwald, University of Colorado, *Co-Chair*
John-David Wellman, IBM, *Co-Chair*
David August, Princeton University
Andre Seznec, IRISA, France
Matthew L. Seidl, Sun Microsystems
Jared W. Stark, Intel
David Brooks, Harvard University
Dan Connors, University of Colorado
Brian Grayson, Motorola
Scott Mahlke, University of Michigan

Processor Architecture Track

Dirk Timmermann, University of Rostock, Germany, *Co-Chair*
Pradeep Dubey, Intel, *Co-Chair*
Felice Balarin, Cadence Berkeley Labs
Clemens H. Cap, University of Rostock, Germany
Pepe Gonzalez, Intel Labs, Barcelona
Artur Klauser, Intel, Barcelona
Christos Kozyrakis, Stanford University
Steve Krueger, Texas Instruments
Luciano Lavagno, Politecnico di Torino, Italy
Nihar R. Mahapatra, Michigan State University
Vijaykrishnan Narayanan, Pennsylvania State University
Georg Pelz, Infineon Technologies, Germany
Miodrag Potkonjak, University of California, Los Angeles
Peter-Michael Seidel, Southern Methodist University

Logic and Circuit Design Track

W. Rhett Davis, North Carolina State University, *Co-Chair*
Nestoras Tzartzanis, Fujitsu Laboratories of America, *Co-Chair*
Bevan Baas, University of California, Davis
Azeez Bhavnagarwala, IBM
Marc Heijligers, Philips, The Netherlands
Per Larsson-Edefors, Chalmers University of Technology, Sweden
Jay Moon, Apple Computer
Borivoje Nikolic, University of California, Berkeley
Michael Orshansky, University of Texas, Austin
Viktor Owall, Lund University, Sweden

Albrecht Rothermel, University of Ulm, Germany
Yasuhisa Shimazaki, SuperH, Japan
James Stine, Illinois Institute of Technology
Andreas Steininger, Vienna Institute of Technology, Austria
Lars Svensson, Chalmers University of Technology, Sweden
Amy Tuvell, Advanced Micro Devices
Kimiyoshi Usami, Shibaura Institute of Technology, Japan

Tools and Methodology Track

Stan Liao, Stretch Inc., *Co-Chair*
Shantanu Dutt, University of Illinois, Chicago, *Co-Chair*
Niraj Jha, Princeton University
Martin Wong, University of Illinois, Urbana-Champaign
Dinesh Mehta, Colorado School of Mines
John Lach, University of Virginia
Sinan Kaptanoglu, Altera
Gi-Joon Nam, IBM Austin
Srinivas Katkoori, University of South Florida
Rajeev Murgai, Fujitsu Laboratories of America
Mahmut Kandemir, Penn State University
Krishnendu Chakrabarty, Duke University
Stephen A. Edwards, Columbia University
Taewhan Kim, Korea Advanced Institute of Technology
Xuan Zeng, Fudan University
Yao-Wen Chang, National Taiwan University
Hai Zhou, Northwestern University

Verification and Test Track

Sujit Dey, University of California-San Diego, *Co-Chair*
Avi Ziv, IBM, *Co-Chair*
Nina Saxena, Intel
Sofiene Taharm, Concordia University, Montreal
Steven Johnson, Indiana University
Alex Orailoglu, University of California, San Diego
Hans-Joachim Wunderlich, University of Stuttgart, Germany
Florence Azais, LIRMM, France
Nur Touba, University of Texas
Prab Verma, Veritable
Sule Ozev, Duke University
Li-C Weng, University of California, Santa Barbara
Wolfgang Roesner, IBM
Magdy Abadir, Motorola
Roy Kaushik, Purdue University
Jacob Abraham, University of Texas
