

Program Committee

Computer Systems Design and Applications Track

Greg Byrd, North Carolina State University, Co-Chair

Valentina Salapura, IBM TJ Watson, Co-Chair

Morris Chang, Iowa State University of Science and Technology

Bronis R. de Supinski, Lawrence Livermore National Laboratory

Steven Hunter, IBM

Khaled Ibrahim, Suez Canal University, Egypt

Kazuki Joe, Nara Woman's University, Japan

Alex Ramirez, Universitat Politècnica de Catalunya, Barcelona

Lawrence Rauchwerger, Texas A&M University

Umar Saif, Massachusetts Institute of Technology

Dan Sorin, Duke University

Alex Veidenbaum, University of California, Irvine

Bob Walkup, IBM

Huiyang Zhou, University of Central Florida

Processor Architecture Track

David Brooks, Harvard University, Co-Chair

Michael Gschwind, IBM, Co-Chair

Erik Altman, IBM

Adam Butts, IBM

Ramon Canal, Universitat Politècnica de Catalunya, Barcelona

Koji Inoue, Kyushu University

Bruce Jacob, University of Maryland

Russ Joseph, Northwestern University

Tejas Karkhanis, University of Wisconsin-Madison/AMD

Stefanos Kaxiras, University of Patras

Hsien-Hsin Lee, Georgia Institute of Technology

Dan Leibholz, Advanced Micro Devices, Inc.

Gabe Loh, Georgia Institute of Technology

Chuck Moore, Advanced Micro Devices, Inc.

Dmitry Ponomarev, SUNY-Binghamton

Jose Renau, University of California, Santa Cruz

Balaram Sinharoy, IBM

Srikanth Srinivasan, Intel Corporation

Gary Tyson, Florida State University

Chia-Lin Yang, National Taiwan University

Logic and Circuit Track

Jamil Kawa, Synopsys, Co-Chair

Dennis Sylvester, University of Michigan, Co-Chair

Kanak Agarwal, IBM

Kevin Cao, Arizona State University

Masanori Hashimoto, Osaka University

Yee William Li, Intel

Michael Orshansky, University of Texas

Lars Svensson, Chalmers University of Technology, Sweden

Nestoras Tzartzanis, Fujitsu Laboratories of America

Tools and Methodology Track

Steve Haynal, Intel Corporation, Co-Chair
Ryan Kastner, University of California at Santa Barbara, Co-Chair
Saurabh Adya, Synplicity Incorporated
Chirayu Amin, Intel Corporation
Krishnendu Chakrabarty, Duke University
Yao-Wen Chang, National Technological University
Jason Cong, University of California, Los Angeles
Florentin Dartu, Synopsys
Adam Donlin, Xilinx
Azita Emami-Neyestanak, IBM
Eby Friedman, University of Rochester
Mark Greenstreet, University of British Columbia
Rajesh Gupta, University of California, San Diego
James Hoe, Carnegie Mellon University
Mike Hutton, Altera
Mahmut Kandemir, Pennsylvania State University
Ryan Kastner, University of California, Santa Barbara
Andrew Kennings, University of Waterloo
Taewhan Kim, Seoul National University
Prabhakar Kudva, IBM
John Lach, University of Virginia
Sung Kyu Lim, Georgia Institute of Technology
Rajit Manohar, Cornell University
Gi-Joon Nam, IBM
Steven Nowick, Columbia University
Viktor Prasanna, University of Southern California
Anand Raganathan, NEC Laboratories America, Inc.
Nagarajan Ranganathan, University of South Florida
Andrew Seawright, Mentor Graphics
Montek Singh, The University of North Carolina at Chapel Hill
Ankur Srivastava, University of Maryland
Dirk Stroobandt, Ghent University
Janet Wang, University of Arizona
Martin Wong, University of Illinois at Urbana-Champaign

Verification and Test Track

Per Bjesse, Synopsys, Co-Chair
Vigyan Singhal, Oski Technology, Co-Chair
Adnan Aziz, University of Texas
Jason Baumgartner, IBM, Austin
Dan Beece, IBM
Mikhail Bershteyn, Cadence Design Systems
Ian Harris, University of California, Irvine
Michael Hsiao, Virginia Polytechnic Institute and State University
Alok Jain, Cadence Design Systems
Jeremy Levitt, Mentor Graphics
Yusuke Matsunaga, Kyushu University
Subhasish Mitra, Stanford University
Alex Orailoglu, University of California, San Diego
Sule Ozev, Duke University
Amit Patra, Indian Institute of Technology, Kharagpur
Dominik Stoffel, University of Kaiserslautern
Nur Toubia, University of Texas
Li-C Wang, University of California, Santa Barbara
Chris Wilson, Nusym Technology Inc.
Avi Ziv, IBM
